MIS 3109 Keypad Mounting Bracket Positioning of Bracket Plate on Taylor® 430

Position the bracket base $3\frac{1}{8}$ " down from the top of the freezer and $\frac{5}{8}$ " from the fold on the left side of the freezer. There is a $\frac{3}{8}$ " overlap of the bracket base over the edge of the removeable side panel. The adhesive backing should only be attached to the removeable side panel of the freezer.
