POP 6523

Die Cut Guide for Taylor® Soft Serve Twist Freezer Models

The POP 6523 freezer wrap is designed to accommodate the lower front panels of several Taylor freezer models. Determine which freezer model you have and trim the wrap to the "Die Cut" size given for that model. The image shown for each freezer model is a recommendation of what the wrap should look like after it has been trimmed. If you have any questions, please contact your local distributor.

TAYLOR MODEL C722 / C723 / C722ADA / C723ADA

TRIM $1\frac{1}{16}$ " $23\frac{1}{4}$ " TRIM $1\frac{1}{16}$ "

TAYLOR MODEL C712 / C713 / C716 / C717
