

NUTRITIONAL INFORMATION

Flavor Burst® BLEND SYRUPS

when used with a shake or slush system

Serving Size: 0.34 fl oz / 10 ml

Servings per gallon bag at these settings¹:
approximately 378

¹ Serving size is based off a 16 oz serving of finished product, and when the serving includes 1 second of white cap time, and when base product dispenses from the freezer at a rate of 2 oz per second, and when the Flavor Burst syrup dispense rate is set at a level 4. For optimal blend and taste use a base product containing 5% butterfat or less.
